

## Support Services

You Don't Have to Go It Alone Dealing with a loved one's illness and managing his or her care is a consuming, isolating process. It is impossible for anyone to be a caregiver 24 hours a day without outside support. Lifetime Care understands what caregivers need to continue to care for your loved one while keeping your personal and family lives strong and focused.

When you're dealing with a major loss or transition, it can affect your physical, emotional, and spiritual health. At the Center, our services will help you cope with the death of a loved one or deal with the stress of everyday life.
